This week at Preschool!

This week at pre-school we started to learn about Autumn, we have explored lots of autumnal objects including leaves, acorns, and conkers. We also started to learn about animals and wildlife that we may see at autumn time – squirrels, rabbit, and hedgehogs.

Children practiced their scissor control by cutting their leaves to create their own autumnal pictures.

Most children enjoyed their visit from the photographer this week as well, photo proofs will hopefully be back with us by the end of this week.

Forest school

After a weekend of rain we knew there would be lots of puddles waiting to be jumped in! We all put on our waterproofs and wellies and went on a muddy puddle walk! On our walk we came across many things, including different types of fungi, a ladybird, horses, we counted how many birds we could see in the corn field, we followed the footpath signs to make sure we were going in the right direction, we collected a lot of leaves which were all different sizes, shapes and colours!

Christmas card

The children have all designed their own Christmas cards, which have been printed by a company, this gives you opportunity to purchase the Christmas cards long with other personal gifts. You can order online or return the order form
