

This week at Pre-school

We have had another lovely week at Pre-School. We have been lucky with the weather this week and enjoyed a lot of outdoor play.

We have been setting up our outdoor classroom in the small garden to encourage free flow.

Children have been exploring the small garden and have found some resident snails that have proven to be a hit. Children like to check on the snails daily.

UPCOMING EVENTS

October 20

Harvest sale

Autumn Disco – Date to be confirmed

Half term mon 26th oct – fri
30th oct 2020

Rags for riches
Wednesday 4th Nov 202

Forest school

This week in Forest School we collected all sorts of different leaves and created our very own leaf crowns - the children compared all the different autumnal colours, the different leaf sizes and shapes, as well as what they felt like and we tried to work out which tree the leaves belonged to.

We were also very busy planting some pansies in our garden pots at Pre-School, the children enjoyed choosing their colour flower, digging holes and watering the flowers. The children noticed the flower's roots, and we talked about how important the roots are for carrying water to the flower.

Covid 19

Please ensure you have all read the risk assessment. We are being overly cautious to ensure that we are keeping, children and staff safe whilst at pre-school. As pre-school is one bubble, if we have an cases or suspected cases, the whole of preschool will close until test have been carried out.

Other illless

As we are approaching the cold season, please could you make sure you are vigilant about symptoms. If your child displays any signs of Coronavirus please could you make sure you keep them at home, book a test as soon as possible and notify Pre-school. Symptoms are a high temperature, new persistent cough or loss of taste or smell. If a runny nose is the only symptom and your feels well then we would expect them in school but will monitor their temperature and general wellbeing.

Tapestry

Please could you complete the tapestry forms for authorisation as soon as possible. As soon as we receive all authorisation forms back we will begin to use tapestry for observations and photos for you to view.

As many of you have returned them please check tapestry for update observation and photos
